County of San Luis Obispo

TO: Board of Supervisors

FROM: Public Works
Doug Rion, County Surveyor

VIA: Dave Flynn, Deputy Director of Public Works

DATE: 3/12/2013

SUBJECT: Submittal of a resolution to accept a portion of Quicksilver Way, County Road No. 4356 and additional right of way width of Vineyard Drive, County Road No. 5156 into the County maintained road system, community of Templeton.

RECOMMENDATION

It is our recommendation that your Honorable Board approve the attached resolution to accept certain offers of dedication for Quicksilver Way and Vineyard Drive located westerly of Santa Rita Road in the community of Templeton.

DISCUSSION

The attached resolution will accept existing offers of dedication to the public for road purposes for portions of Quicksilver Way and Vineyard Drive. The subject portion of Quicksilver Way was intended to be accepted by Resolution 93-164 adopted by the Board of Supervisors on April 13, 1993, however that resolution was recently discovered to be lacking necessary recitals of certain offers of dedication. This error was discovered during right of way review and design of the current Vineyard Drive Bikelane Project (WBS 300437).

The recommended action will act to accept the offer of dedication for a portion of Quicksilver Way as described in Volume 2801 of Official Records at Page 726 and the offer of dedication for those portions of Quicksilver Way and Vineyard Drive as described in Volume 3656 of Official Records at Page 749 into the County maintained road system. No additional roadway length is being added to the maintained system.

OTHER AGENCY INVOLVEMENT/IMPACT

County Counsel has reviewed and approved the attached resolution as to form and legal effect.

FINANCIAL CONSIDERATIONS

None, since no additional mileage is being accepted this action does not increase the calculated average annual cost of road maintenance.

RESULTS

The result of the recommended action will accept additional public right of way width into the County maintained road system necessary for the maintenance of these roads to serve the public's transportation needs.
